Vacation Policy:

The time off policy complies with the American Board of Surgery requirements for board eligibility. Any leave taken outside the described leave may result in an extension of training. Residents are allowed four weeks (or 28 days) of paid time off during an academic year to include vacation time, sick leave, and educational travel. Residents may take an additional four weeks of time off once during their first three years of residency and again during their last two years of residency for certain life events as detailed on the American Board of Surgery policy.

Electives:

The following rotations are available as electives:

- Rural general surgery
- Plastic surgery
- Thoracic surgery
- Cardiac surgery
- Bariatric surgery
- Transplant surgery
- Interventional radiology
